In cooperation of this puppy or adult dog being purchased, Tradewind Dachshunds offers the following Health/Puppy/Dog Guarantee.

1. This puppy is healthy and sound to the best of our knowledge and has been vaccinated for Canine Distemper, Parvovirus type 1, adenovirus, influenza, Parvovirus, and wormed on the dates and times in the Puppy Health Record Provided at the time of purchase.

If the dog in question is overweight in the first 2 years of life, the VDD guarantee is null and void. An Injury would not be considered genetic), Tradewind Dachshund's will replace the puppy with one of equal value as soon as one is available. Your Claim must be accompanied by a written certificate from a licensed veterinarian as to his/her diagnosis of such genetic birth defects and his/her recommendation of euthanasia. We, the sellers have a right to verify this by getting a second opinion from a licensed veterinarian of our choosing.**
 3. This health Guarantee only covers the matter specifically set forth above in paragraph 2. The health guarantee does not apply to any traumatic injury, disease, or illness.
 4. Within 5 business days the buyer must have the puppy examined by a licensed veterinarian and keep receipt of this and send back a copy to Tradewind Dachshund's with the address provided at the time of sale or call and let Tradewind's know how the visit went.

This sale is final and the seller will not accept return of puppy for any reason other than that in paragraph 2. The buyer may return puppy or dog to Tradewind's at any time during the lifetime of the puppy or dog for sale with no money refunded and Tradewind Dachshund's will then locate the puppy/dog a suitable pet home at that time.
6. This puppy is purebred and pedigree is correct. For a puppy, the litter is registered with American Kennel Club (full registration), United All breed (limited registration). The puppy's individual registration application or certificate will be provided to the buyer when payment is made in full (cash only final payment) for full registration. No papers will be provided for (limited registration) pet price puppies until proof of spaying or neutering is sent to Tradewind for you to receive those papers and you must allow 8 weeks for those papers to be sent back to you. Proof of the spaying and neutering must be done between 6 months to 7 months (no later) of age. If the 7-month age passes without proof then this puppy automatically falls into the no registration category. Full registration is available on a case by case basis.
